# LEPERS OBJECT

ANOTHER SIDE TO THE QUESTION OF ALLOWING POLITICAL ORATORS TO VISIT KALAUPAPA—ATTORNEY GENERAL ANDREWS AND DR. COOPER REPLY TO STATEMENTS IN THE PETITION FILED BY LAUKEA.

The question of whether the unfortunate lepers on the island of Molokai are to gather sweetness and light from the words of that eminent Democrat Col. Curtis P. Laukea was the matter which engaged Judge Dole and his honorable court for some time this morning. Laukea was represented by Attorneys W. A. Kinney and C. A. Galbraith while Dr. Charles B. Cooper and Superintendent McVeigh were present in the persons of Attorney General Andrews and Assistant Attorney General Fleming.

Kinney read over his petition for an injunction which was referred to in The Star yesterday. Laukea, it was stated, would go to the leper settlement during the coming week and would, there, from a boat or from the stockade would address an assemblage of lepers. The theory that the excitement would prove injurious to the health of the lepers was scouted, it being alleged that the excitement they are now experiencing through not being allowed to hear Laukea was much more harmful. An injunction was asked to prevent the officers of the Board of Health from interfering with Laukea when he makes his speech.

Attorney General Andrews was stated to be the head and front of the opposition and it was charged that his action was prompted by political animus, he being the head of the Republican party on Oahu.

The Attorney General replied with an affidavit from Dr. Cooper. He had received twenty-one letters and protests from some of the most thoughtful members of the leper colony, he said in this document, and they all voiced objection to the advent of politicians who "with their absurd promises and cajoleries" were apt to inflame and excite the patients. Dr. Cooper's affidavit further denied that Lorrin Andrews is the head of the Republican party on Oahu and that the leper settlement is in any sense under the political control of that party. If the Board of Health decided that the politicians were not to trespass within forbidden limits they would be prevented from doing so by force if necessary. The jurisdiction of the court was further denied and the right of Laukea to bring the suit was questioned. It was further declared that there was no abuse when all of the political parties were treated alike and further that the Board of Health had not finally decided on the question, but would do so at its meeting this afternoon.

Attorney General Andrews followed this with an affidavit of his own in which he characterized the demand of the Democratic leader an insolent and impertinent. He denied that he is the leader of the party on Oahu and that there was any partisanship in the administration of the affairs of the colony. These allegations he said were merely for the purpose of influencing and prejudicing the court.

Kinney addressing the court in support of his petition urged a strong appeal on the line that in preventing the lepers from hearing Laukea their civil rights were being invaded. The Attorney General in reply urged that the only point the Board of Health had in view was the welfare of the lepers themselves and denied that political bias had anything to do with the matter. Prince Kuhio and the Home Rule candidate Nottley had agreed not to go near the settlement and when none went it was fair for all.

# MOSSMAN PAYS MORE MONEY

(Continued from page one).

Yesterday what appeared to be some items which called for about \$230 more cash than the contents of the safe showed were found. Mossman went into one of the rooms at the rear of the office and from there brought out \$220. He stated that he had left this money in the room before going to Kauai last Thursday, as he had not had his key to the safe at the time he left. Last night further investigation disclosed items that indicated that about \$290 was shy. Mossman went to a drawer in his office desk and produced \$274 more, \$4 of which was in silver and the rest in gold. This closed the investigation last night.

This morning Mossman found some more money outside of the office safe. He brought \$610 to High Sheriff Henry and stated that this money covered, he thought, everything for which he was responsible in the handling of the

# DECLARED WAR ON CATHOLIC CHURCH

ROME, October 8.—Vatican influence is being exerted to secure denunciation of Premier Combes' anticatholic policy by the catholic press in the chief European countries. The French premier is represented as the fanatical enemy of the whole spiritual life of France, determined to vent his madness even at the cost of political interests of the utmost importance to the French nation. His purpose not to continue the protectorate of catholic missions in the east is described as "threatening a dire blow at the moral position and prestige of the republic throughout the eastern world."

How vast are the advantages France has obtained in the near east and far east by the manipulations of catholic influence is pointed out by the inspirers of these articles. They clinch their arguments by citing the eagerness of protestants Germany and antipapal Italy to seize the function Combes is bent on abandoning. It is hoped to extend the crusade to the secular press and finally to check the French government's uncompromising war on the church.

## ROSS RELEASED.

Manuel C. Ross who was convicted nearly a year ago of stealing \$680.40 from the Puunene, Maui, post office, was released today from jail after taking the poor man's oath that he could not pay the fine imposed, and amount equal to that stolen. He has served 10 months of a sentence with an additional month for non-payment of his fine. He took the oath before U. S. Commissioner Judd.

## SENTENCES IMPOSED.

Five sentences were passed by Judge Dole in the Federal court this morning. Kurokawa, Imoto, Suyetaro Yoneno and Nakamura, four Japanese found guilty in recent cases of conspiracy to procure Japanese women were sentenced to six months' imprisonment each.

Frank M. Barrato, who pleaded guilty to raising a post office order from \$2 to \$12 was sent to prison for a year.

## SUIT TO RECOVER RENT.

Otto S. Meyer and Harvey R. Hitchcock have brought suit against the Kamalo Sugar Company, Ltd., a corporation and Arthur Mounitz garnishee to recover \$1,564.15. The suit is to recover money alleged to be due for the lease of 4,778 acres of land on Molokai leased originally in 1899.

## BOARD OF HEALTH.

The Board of Health will hold a meeting this afternoon at 5:30. The matter of allowing politicians to visit the leper settlement is among the subjects to be discussed.

## DID NOT SEE MATTER.

Despite the rumor which went about the city yesterday and which gained ready credence in some quarters, the Grand Jury at its sitting did not summon the mysterious Detective Hater to disgorge all that he has learned about "submerged Honolulu." The Grand Jury pursued its ordinary course and did not take up the matter of police changes which has recently proved so interesting.

tax sale money. Mossman explained to the High Sheriff that this money had been at home in a paste board box. Mossman stated that he had changed his clothes and had forgotten that the money was in his pocket and did not bring it to the office. The High Sheriff accepted the money.

"This morning," said High Sheriff Henry, "Mossman handed me \$610 in gold. He explained that he did not remember exactly how much there might be owing in the matter of these bills to the newspapers for the tax sale advertising, but that this money would cover everything in his department. I took the money and it is now in my safe. Mossman explained that this tax sale money had been at home in a box. I considered it rather a strange place to keep that amount of money, especially when it was not his, but as he had produced money from other unsuspected places yesterday, I was not perhaps so much surprised as I would otherwise have been when he handed me this third amount. Just what the further investigation by the Auditor will show, I cannot say. There is at present ample money on hand to cover everything that the investigation has thus far disclosed. The Auditor will make a careful investigation of the accounts, however, and will make his report as soon as possible.

"Ex-Deputy High Sheriff Chillingworth had nothing whatever to do with the handling of that tax sale money. That was a matter that was left entirely in the hands of Mossman. Mossman appears to have, to say the least, been very careless in his manner of conducting that account."

# SIERRA BROKE ALL RECORDS

CHUCK OCEANIC LINER ARRIVED THIS MORNING AFTER FASTEST TRIP ON RECORD.

With all records from the Colonies broken, the S. S. Sierra, Captain Houdlette, came off the port shortly after day break this morning and waited for the quarantine doctor to board and pass her. She came into the harbor alongside the Oceanic wharf by 8 o'clock. The vessel left Sydney October 10, Auckland October 13 and Pago October 18. She made the run from Sydney in 15 days 11 hours and the trip from Auckland in a little over 10 days. The portion of the trip from Auckland was where the vessel made such fast time.

The vessel encountered very rough weather crossing the Tasmanian sea and after she got into Auckland, she had to wait for 28 hours until a heavy landslide on the railroad could be removed and the mails be gotten through. From Auckland she had good weather.

At Pago Pago, the vessel had considerable freight offered but she could not remain the necessary time in which to load all of the cargo that was to be shipped. Nothing was sighted during the voyage except the trunk of an enormous tree. This tree was about a day's voyage from the Hawaiian Islands.

Count E. Bonet returned from a trip to New Zealand taken for the benefit of his health. He brought a large assortment of game birds from New Zealand, for the purpose of breeding them on Kauai.

St. Robert Chermides, ex-governor of Queensland, is a through passenger home. He resigned as governor shortly before boarding the Sierra at Sydney. He had been governor of Queensland since 1902. He commanded the third division at South Africa and has seen extensive military service. He was British military attaché in the Russian-Turkish war in 1877-78.

The Clarence Sisters, Australian vaudeville stars, are going to America for a tour of the states. They have been very successful on the Colonial circuit.

Miss Ethel Whitesides and her two pickaninies, are returning from a successful vaudeville tour of Australia and New Zealand.

Only a fair sized crowd of passengers will depart today on the Sierra for San Francisco. The vessel will sail for San Francisco at 3 o'clock this afternoon from the Oceanic wharf.

BORN.

# SECURE ALL OF EXPOSITION VIEWS

ENTIRE SERIES DESIRABLE AFFORDING A COMPLETE HISTORY OF ST. LOUIS WORLD'S FAIR.

This paper again takes occasion to impress upon its readers the advice to secure all the portfolios of the "Forest City" series of World's Fair views.

The reason for this is obvious, for the views are selected so as to make the whole series embrace every feature of the Fair—architectural, scenic, historic, ethnological, artistic and sculptural.

If any portfolio is missed by just that much will the series be incomplete for remembrance or for the valuable purpose of reference. The worth of the series is attested by the fact that many institutions of learning are among those who are sending coupons for the parts already issued.

The views are, of course, accurate and authentic, since the original photographs are secured by the official photographer of the Exposition, especially for the "Forest City" series; and the descriptive portions are also thoroughly authentic, since they are prepared by Walter B. Stevens, secretary of the Louisiana Purchase Exposition.

We know that very many are just awakening to the importance of securing the first and each succeeding copy of the portfolios and we also fear that many others will fail to catch the present moment and will, therefore, be deprived of the full benefit of the distribution, and will ever regret the lost opportunity.

It is only necessary to bring or send one coupon clipped from our columns and ten cents for each portfolio desired; this small amount being charged to cover cost of handling, wrapping, and mailing.

Eighteen parts now ready.
